

## A Few Basic Questions...

(Marc Freedman's Encore: Finding work that matters in the second half of life)

- How would you like to spend the next five...or ten...or twenty years?
- What community of national or global problems motivate you to act?
- How much income do you need to earn?
- Do you want to stay in the same field or explore something new?
- Do you want to start your own organization/business or work for an existing one?
- Are you willing and able to go back to school or get other training?
